

UNIT 11: STEPS AND SKIPS ON THE KEYBOARD AND STAFF

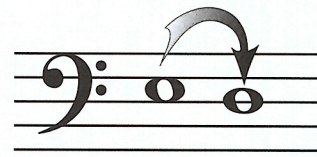

Steps on the staff are written
line-to-space or space-to-line.

Steps on the staff can move *up* or *down*.

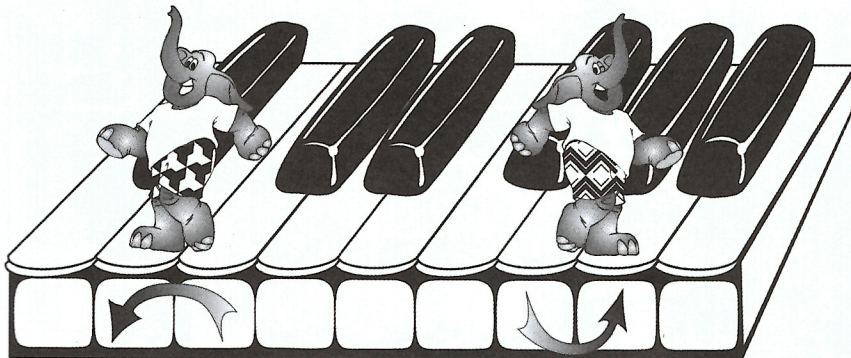

step up

step down

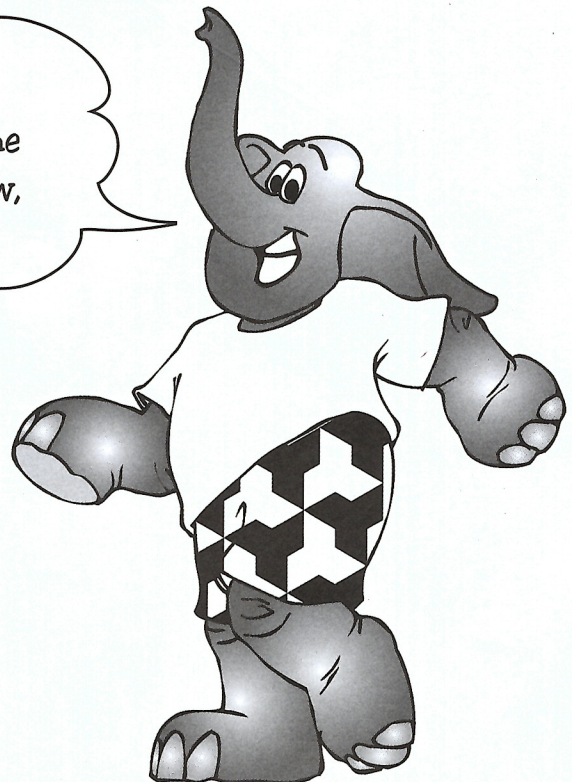

Steps on the keyboard
are right next to each other.
The distance from one key to the
very next key is a step. (For now,
just use the white keys.)

Steps on the keyboard can move *up* or *down*.

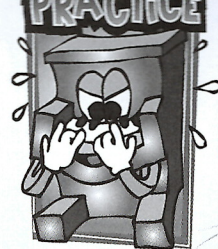

step down

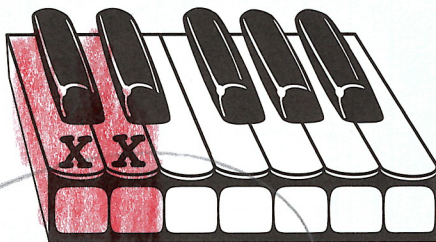

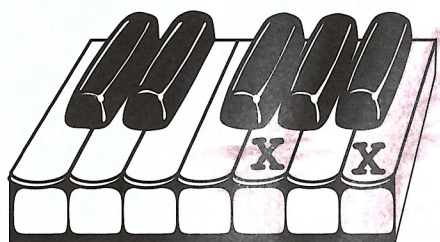

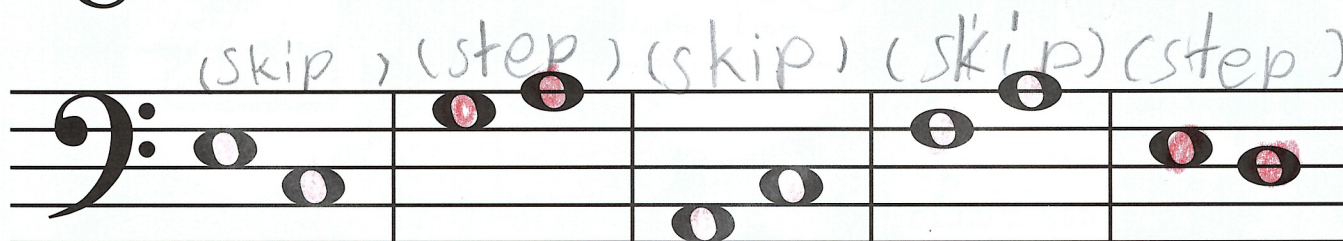

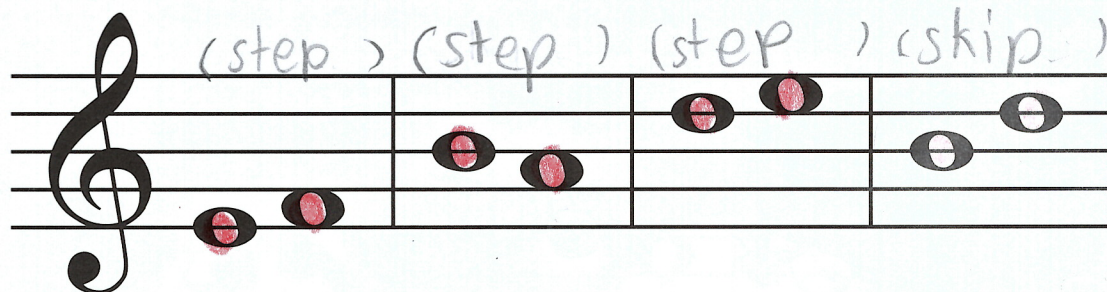

step up

COLORFUL STEPS AND SKIPS

1. Color the steps red on the staves and keyboards below.

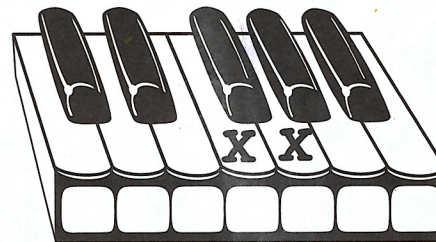

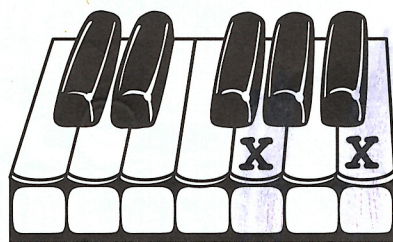

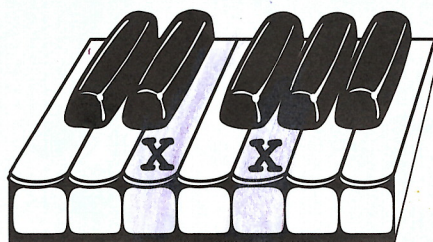

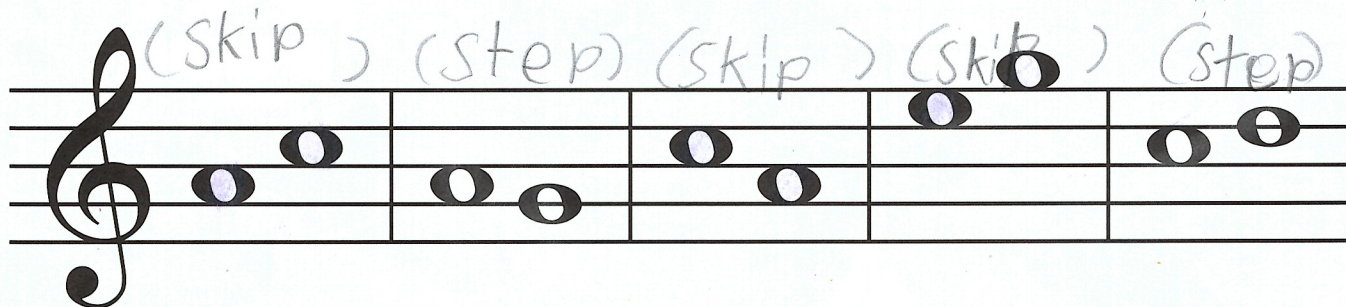

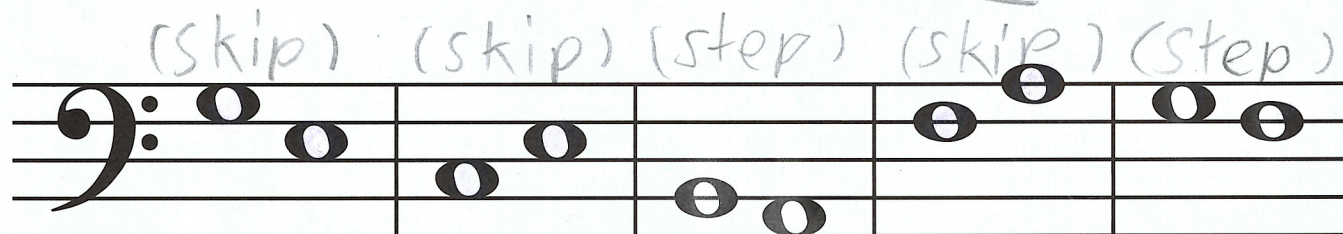

(step)

STEPS AND SKIPS PRACTICE

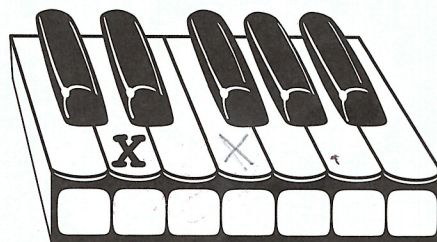

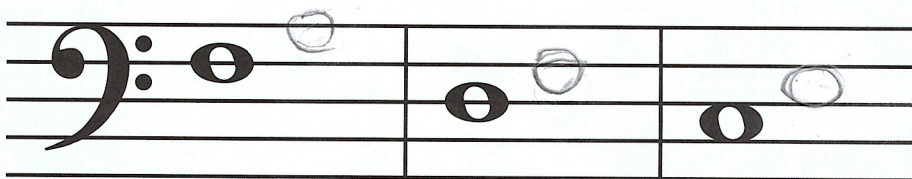

1. Draw the notes that are a step up from the given notes on the staff. Mark the white key that is a step up from the given key on the keyboard.

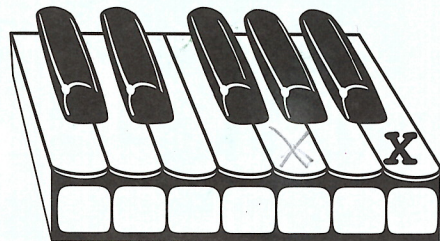

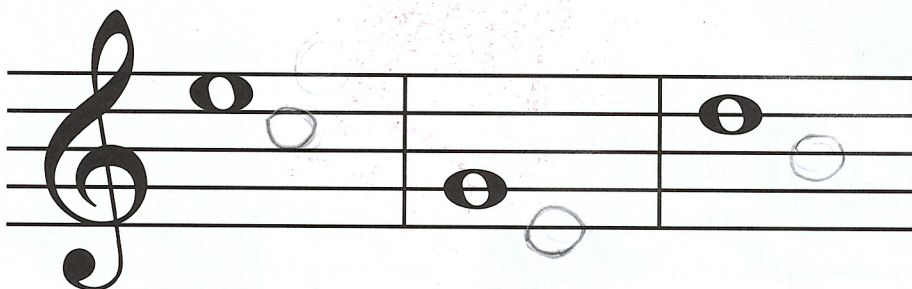

2. Draw the notes that are a step down from the given notes on the staff. Mark the white key that is a step down from the given key on the keyboard.

3. Draw the notes that are a skip up from the given notes on the staff. Mark the white key that is a skip up from the given key on the keyboard.

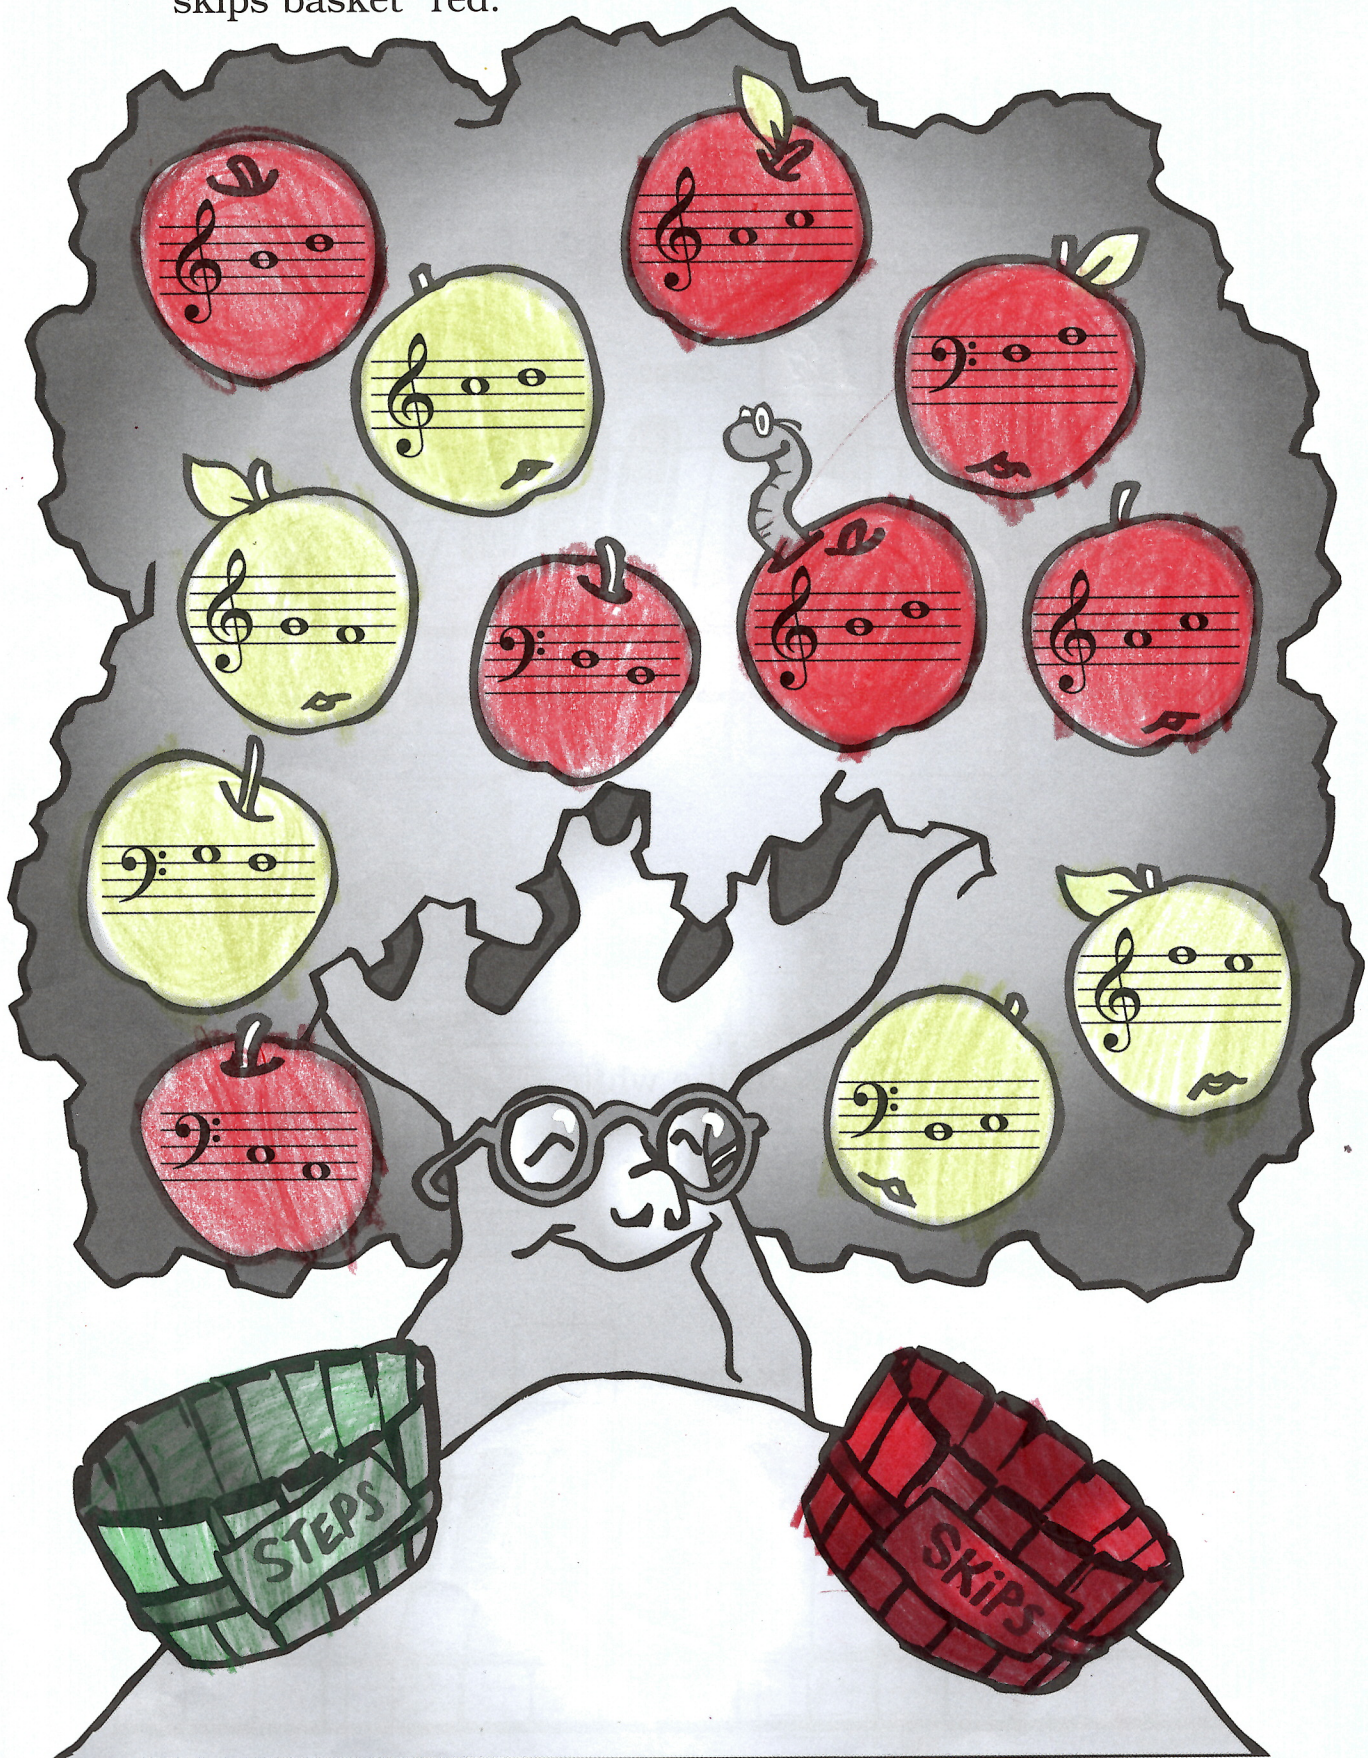

4. Draw the notes that are a skip down from the given notes on the staff. Mark the white key that is a skip down from the given key on the keyboard.

PICKING APPLES

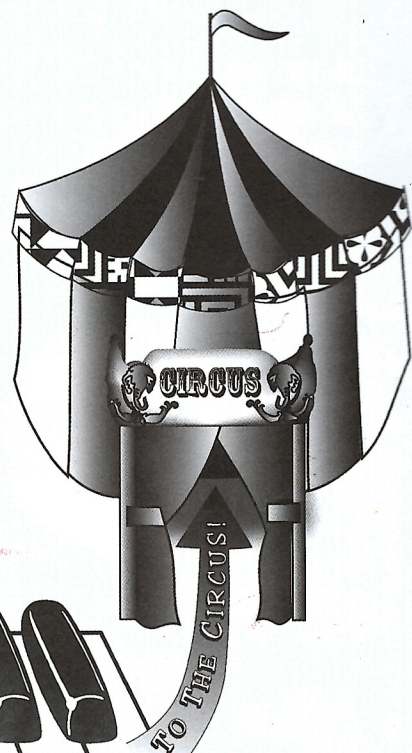

1. Color the apples that should be gathered into the "steps basket" green.
2. Color the apples that should be gathered into the "skips basket" red.

FUN WITH FRIENDS

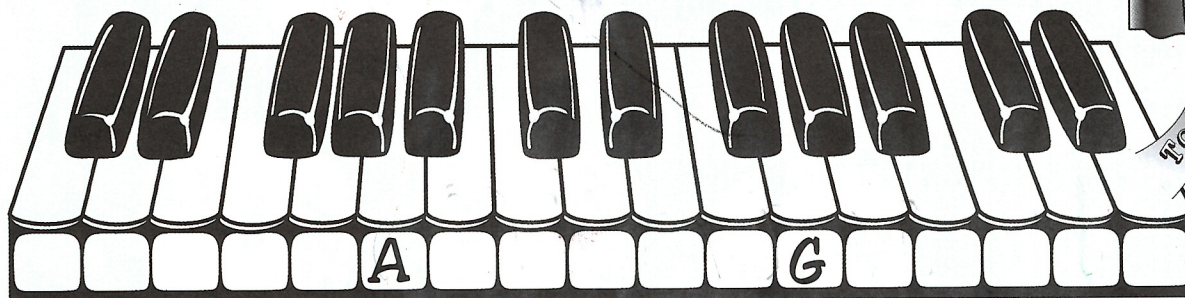

1. **G** and his dad are going to the circus. **G's** dad said that **G's** friend **A** could go with them. **G** can only move by steps on the white keys. How many steps will it take **G** to go down to pick up **A** and then step back up to the circus?

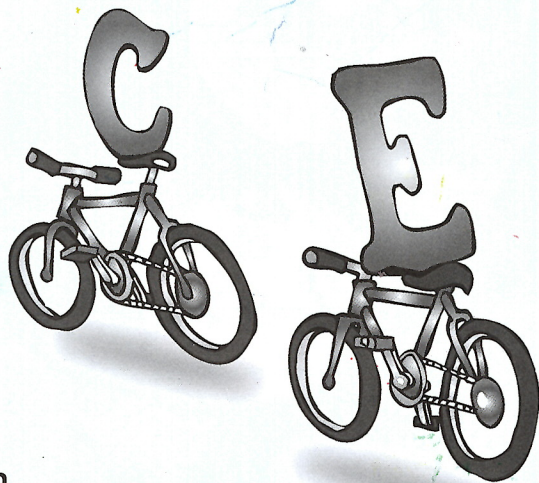

It will take

17

steps.

2. **C** and **E** like to race on their bicycles. They can only move by skips on the white keys. Every time **C** skips up, **E** skips down. Name the note where they get together to begin the bicycle race.

The race begins on:

D
